

Type SL-IBC Spill Bins

The SL-IBC range is suited for IBC (Intermediate Bulk Containers), and is available in 3 different sizes to suit most bins available. Galvanised finish.

Type	Width (mm)	Depth (mm)	Height (mm)	Spill Capacity (litres)	Unit Weight (kg)
SL-IBC 1100	1360	1510	600	1100	165
SL-IBC 1350	1510	1510	700	1350	190
SL-IBC 1650	1510	1510	850	1650	240

Type RS-IBC Spill Bins

This unit provides a support frame which allows the IBC to be in a raised position, useful for decanting directly from the IBC, or allowing easy access for hose couplings to the drain valve.

Additional support tray also supplied. Galvanised finish.

Type	Width (mm)	Depth (mm)	Height (mm)	Spill Capacity (litres)	Unit Weight (kg)
RS-IBC 1100	1360	1510	920	1100	190
RS-IBC 1350	1510	1510	1020	1350	230
RS-IBC 1650	1510	1510	1170	1650	280
